VacuMax™ Plus and VacuMax™ Go Suction Machines

Item #	Product Description	Product HCPCS	UOM
18610	VacuMax™ Plus Suction Machine	E0600, A7000, A7002	1/ea
18615	VacuMax™ Go Portable Suction Machine	E0600, A7000, A7002	1/ea

- Easy-to-turn adjustable flow regulator knob conveniently placed directly below gauge for easy use and control on both models.
- Both models include a 800cc suction canister, 6' suction tube, 10" suction tubing, hydrophobic filter, elbow connector and manual.
- The Drive 18615 VacuMax™ Go Portable Suction Machine has all the same features and benefits that the 18610 VacuMax™ Plus provides, as well as an internal rechargeable, replaceable battery that lasts up to 60 minutes per charge.
- The 18610 may be converted into the 18615 with the purchase and provider installation of the 18615-BATTERY.
- The 18615 may be charged while in use and requires less than 8 hours to reach a full charge.
- The Drive 18615 VacuMax™ Go is ideal for providing suction in the home or on the go, which comes complete with rechargeable battery, carry bag and a DC power cord for the car.
- The Drive VacuMax™ vacuum adjustments allow up to 150-530 mmHg and a free flow up to 25 lpm.
