- ☐ Self sealing or threaded end caps
- ☐ Tapered tubing fittings

Benefits

- ☐ Withstands rigorous daily use
- ☐ Reduces risk of tangling with furniture or door jambs
- ☐ Ensures secure, leak free coupling
- ☐ Allows easy and secure connection to oxygen tubing

Variety of uses. . . Hospital, Skilled Nursing Facility, Homecare, Clinic

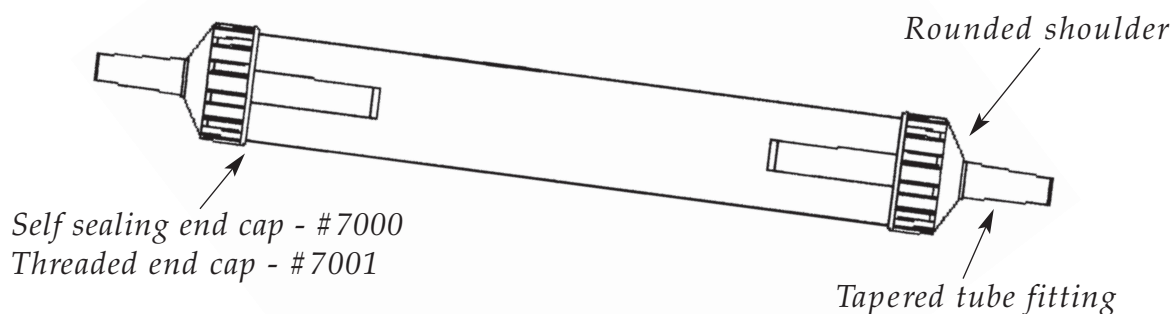

slc-33

Salter Labs® Water Trap P/N 7000, 7001

A simple device of durable construction to withstand the rigors of long-term daily use. The clear body allows easy visual inspection for fluid build up and assessment of cleaning or replacement need.

Tapered end-cap fittings ensure secure tubing connection. The rounded shoulder design minimizes hazard of snagging on furniture or other obstructions. A cost effective solution for your long term oxygen therapy patients.
